

## SIH 2020 - Problem Statements-Software-Part 1 + 2

Visit: [www.sih.gov.in](http://www.sih.gov.in) for description

S.No	Organization	Problem Statement	Category	Problem Statement Number	Technology Bucket
1	CDK Global	Portal for Farmers to sell the produce at a better rate	Software	RA27	Agriculture and Rural Development
2	CDK Global	Crop Guidance and Farmers Friend • Problem Title : Helping the farmers in terms of Crop suggestion, precautions based on the met department forecast of rain fall / weather, potential pest attacks , weather warnings etc.	Software	RA28	Agriculture and Rural Development
3	Central Ground Water Board, Ministry of Jal Shakti	Assessment of land holding pattern, source of irrigation, cropping pattern and depth of the wells in different parts of the country	Software	DM83	Agriculture and Rural Development
4	Gov of Uttarakhand	Lack of technological intervention in value addition of agriculture products produced by SHGs /FPGs	Software	MK100	Agriculture and Rural Development
5	Ministry of Agriculture Cooperation and Farmer Welfare	The position of an object in the air can be indicated by latitude, longitude and altitude for a given time. A trajectory is a stream of such quadruples(time, latitude, longitude and altitude) Given a large set of such trajectories, without any other information , problem is to cluster them into meaningful objects such as Helicopter, Fighter/civilian Aircraft, UAV, Cruise Missile, dropped bomb etc. An optimal scalable solution is desired using open source tools.	Software	SB109	Agriculture and Rural Development
6	Dr. B R Ambedkar Institute of Technology	Software for computerization of farmer, land details along with beneficiary schemes details	Software	DS157	Agriculture and Rural Development
7	Ministry of Rural Development	Automatic Assessment of Pavement condition based on road photographs	Software	MK199	Agriculture and Rural Development
8	Ministry of Rural Development	One Nation – One Citizen – One Pension – Identify citizens receiving multiple benefits like pensions under different schemes of the centre and state, such as NPS, NSAP Schemes, PMSYM and State level schemes	Software	MK207	Agriculture and Rural Development
9	Govt. of Bihar (DOA)	Estimation of crop progression	Software	NS269	Agriculture and Rural Development

## SIH 2020 - Problem Statements-Software-Part 1 + 2

Visit: [www.sih.gov.in](http://www.sih.gov.in) for description

S.No	Organization	Problem Statement	Category	Problem Statement Number	Technology Bucket
10	Govt. of Bihar (DOA)	Estimation of crop yield using modern ICT tools which is quick and reliable for making a realistic plan for procurement and to compensate farmers for yield loss if any.	Software	NS270	Agriculture and Rural Development
11	Indian Space Research Organisation (ISRO)	Extraction of crop cycle parameters from multi-temporal data	Software	NM372	Agriculture and Rural Development
12	GAIL	Process Modeling	Software	BK224	Energy / Renewable Energy
13	GAIL	Blockchain Powered Procurement System for GAIL	Software	BK225	Energy / Renewable Energy
14	GAIL	Design of alarms management and analytics	Software	BK226	Energy / Renewable Energy
15	Ministry of Petroleum and Natural Gas	Technological advances for Retail Outlets	Software	AJ128	Energy / Renewable Energy
16	Indian Space Research Organisation (ISRO)	Detecting clouds and predicting their movement from INSAT imagery	Software	NM373	Energy / Renewable Energy
17	Ministry of Women and Child Development	In PFMS implementation, NGOs registration may be approved by the concerned Ministry within a specific period. Otherwise, it should be deleted/rejected automatically by the PFMS portal itself. So that fresh registration can be done again by the implementing agency. For committed expenditure like salaries, pensions etc, direct link for sanction and release of funds to the Autonomous bodies to be made on quarterly basis. However, while considering final release UC/ Account and UB be taken care of.	Software	AS37	Finance
18	Ministry of Women and Child Development	In PFMS implementation, NGOs registration may be approved by the concerned Ministry within a specific period. Otherwise, it should be deleted/rejected automatically by the PFMS portal itself. So that fresh registration can be done again by the implementing agency. For committed expenditure like salaries, pensions etc, direct link for sanction and release of funds to the Autonomous bodies to be made on quarterly basis. However, while considering final release UC/ Account and UB be taken care of.	Software	AS37	Finance

Visit: [www.sih.gov.in](http://www.sih.gov.in) for description

S.No	Organization	Problem Statement	Category	Problem Statement Number	Technology Bucket
19	Ministry of Housing and Urban Affairs	Cities provide more opportunities for people to grow economically. However, these opportunities are unequal because of knowledge asymmetry. How can we ensure that people have more equal access to better economic opportunities/ jobs?	Software	BC79	Finance
20	Ministry of Food Processing Industries	App Development on Food Processing Problems	Software	BK169	Food Technology
21	Bajaj Fin Serv	Gamification for Health data collection	Software	CH46	Healthcare & Biomedical Devices
22	Bajaj Fin Serv	Lab Report Digitization / OCR	Software	VA47	Healthcare & Biomedical Devices
23	GE Healthcare	Virtual Assistant for Medical Device	Software	UP176	Healthcare & Biomedical Devices
24	Ministry of Health and Family Welfare	Digital tracking of children of migrant population to follow-up on their health status and immunization services received/to be given.	Software	SS41	Healthcare & Biomedical Devices
25	Ministry of Health and Family Welfare	Emergencies and disasters impact population health. Public health plays a critical role in working with health and non-health sectors responsible for preparing for and responding to emergencies. In emergencies, large numbers of people may require medical attention. Health care systems may be over-stretched, and public order may be threatened. Hence use of social media in public health emergency response.	Software	SS42	Healthcare & Biomedical Devices
26	Ministry of Health and Family Welfare	Use of AI based Chat bots for providing health related information	Software	SS43	Healthcare & Biomedical Devices
27	Ministry of Health and Family Welfare	Leveraging block chain technology for creation of Electronic Health Record (EHR)	Software	SS45	Healthcare & Biomedical Devices
28	Ministry of Health and Family Welfare	Digital tracking of children of migrant population to follow-up on their health status and immunization services received/to be given.	Software	SS41	Healthcare & Biomedical Devices

82	CDK Global	Better and faster emergency care during accidents and vehicle impact.	Software	RA25	Smart Communication
83	Bureau of Police Research & Development	LEA & Judiciary Interactive Case Management System	Software	RK61	Smart Communication
84	Department of Atomic Energy	Network routing protocol for infrastructure less gateway devices in man-made	Software	PC87	Smart Communication
85	Ministry of Petroleum and Natural Gas	Technological advances for Retail Outlets	Software	AJ129	Smart Communication
86	Dte of IT & Cyber Security, DRDO	Timing error estimation and matched filtering are crucial processing blocks in a communication receiver. The problem is like looking for the occurrence of a known signal in the observed/measured signal, which is noisy and distorted. This nature of problem makes it best suited for intelligent approach, as human brain invariably solves this kind of problem in day-to-day life. Classical techniques like maximum likelihood, Early-Late, Gardner and Muller approaches have been successfully implemented. However, it is perceived that machine learning techniques will outperform the classical approaches and this fact needs to be researched. The neural network shall use minimum computation and converge fast for practical and real-time implementation. If the results are promising, it can be applied for military and commercial radars.	Software	CK132	Smart Communication
87	Government of Andhra Pradesh	solutions required to solve the challenges faced by Law Investigating Officers (LEOs) in Cyber Crimes:	Software	KB186	Smart Communication
88	Government of Andhra Pradesh	Disease Reporting System	Software	KB198	Smart Communication
89	Great Learning	Attention Span Detection in Online Instructor Led Sessions	Software	GL32	Smart Education
90	Gov of Uttarakhand	Predicting the trends of quality-oriented jobs	Software	MK105	Smart Education

S.No	Organization	Problem Statement	Category	Problem Statement Number	Technology Bucket
170	Government of Andhra Pradesh	APPCB looks forward to bringing in all polluting industries in the state to enhance the existing system more transparent and effective monitoring of emissions and effluents. APPCB envisages implementing Internet of Things (IoT) technology for obtaining of authentic and reliable data directly from the analyzers installed at the industry rather than the data from the intermediary system.	Software	KB189	Sustainable Environment
171	Indian Space Research Organisation (ISRO)	Automated mapping of trees/farms in satellite image	Software	NM371	Sustainable Environment
172	Indian Space Research Organisation (ISRO)	Automated land use classification using AI/ML	Software	NM386	Sustainable Environment
173	Indian Space Research Organisation (ISRO)	Air pollution hot spots detection and identifying the source trajectories using ML/AI techniques	Software	NM394	Sustainable Environment
174	Indian Space Research Organisation (ISRO)	Identify shifting cultivation locations in dense temporal stacks	Software	NM395	Sustainable Environment
175	Indian Space Research Organisation (ISRO)	Change detection and extraction of information / features of interest in RS images using time series information	Software	NM398	Sustainable Environment

177	Dr. B R Ambedkar Institute of Technology	A Mobile App with Virtual Reality Based Gallery for Heritage Museums of Andaman & Nicobar Islands	Software	DS90	Travel and Tourism
178	Gov of Uttarakhand	Theoretically the bridges are designed having life span of 50 years. However practically the life span of bridges varies between 30 to 40 years. Therefore, it is required to redesign the bridges of length 50m based on geomorphic condition. The solution must be of low cost and longer duration one.	Software	MK103	Travel and Tourism
179	Govt of Goa	Virtual Tourist Guide	Software	DR135	Travel and Tourism
